

Telehealth Education 2011/2012

The Concurrent Disorders Series

This Telehealth Series on Concurrent Disorders consists of 10 sessions over the course of 10 months, from September 2011 through to June 2012. The Series will provide the opportunity for professionals across the province of Alberta to build capacity through the development of competence in the field of Addiction and Mental Health.

Concurrent Disorders is defined as a combination of mental health disorder and substance use disorder and/or problem gambling.

Session Length – All sessions are from 9:30 – 11:00 AM MDT/MST; including Presentation period from 9:30 – 10:30 AM, and Question and Answer period from 10:30 – 11:00 AM MDT/MST.

Intended Audience – Individuals with an interest in the relationship between addictions and mental health issues.
